Preface

It gives me immense pleasure to submit the Self Study Report (SSR) of Kanohar Lal Post Graduate Girls College for the second cycle accreditation by the National Assessment & Accreditation Council (NAAC), Bangaluru.

We have tried our best to reassess, evaluate the academic and other activities and other performance.

Our institution has always strived to promote & impart advanced learning methods with a combination of moral values in our students, improvised our strategies time to time as per the requirement of the continuous global socioeducultural changes. We didn't try to hide or overlook any of our shortcomings but explored the way to resolve them. We are totally committed to serve the society with our value based education system, self discipline in students and staff members. We provide quality education to the students of all diverse caste, religion, locale and socioeconomic status without any bias or preferences.

Since the first NAAC Peer team visit in 2010, college has taken various post accreditation initiatives as per the suggestions of the peer team, such as use of ICT in classroom, up gradation of computer lab, automation of library, beautification of college campus, gender sensitization training for girls, personality development sessions for students and many other steps also.

To conclude I only want to say thanks to all the teaching and non teaching staff along with students, alumni and management representatives for their active participation in such a complex yet enjoyable task of preparing the self study report so sincerely with all the facts written evidently. I am also thankful to the UGC, NAAC and other governing bodies for their valuable suggestions and guidelines which showed us the right path of development.

Executive Summary

Kanohar Lal Snatakottar Mahila Mahavidalaya (KLSMM) was established by Kanohar Lal Society in 1969 to fill the void of education facilities for women in and around the city of Meerut. The college, affiliated to CC University, Meerut, currently offers various Graduate and Postgraduate course in Commerce, Education and Arts (English, Hindi, Sanskrit, Political Science, Economics, Home Science, Sociology, Music, Psychology, Drawing and Painting).

Since process of liberalization started in 1991, India's socio-economic profile has been changing dramatically. These changes have been more pronounced with regards to role of women in society. As an affiliated college, we did play our role in up-dation of curriculum within the limited space available, however, due to rapid changes in socio-economic conditions the gap between what is needed and what is provided has widened. In 2008-2009, the college through a bottom-up participatory exercise defined its mission: "Education to equip our students for playing a meaningful role at home, workplace and in society with emphasis on their employability".

The college enjoys an impeccable reputation for religiously following the 'merit' as defining criteria both for admission of students and selection of teachers. Honours and awards conferred on the faculty stand a testimony of their credentials. The college, however, is sensitive to the fact that sole reliance on traditional methods of teaching induces limited learning. To make the process interactive all major departments have been equipped with computers. Debate and discussions on subject related news are organized in class rooms. External resource person are invited to expand horizon of student and also to expose them to real world view. In evaluation while the stress on academic excellence of student is to continue, employability is added as another important criteria.

Academic research has been an important activity in the college and there is an institutional mechanism and infrastructure in place to sustain it as per the stipulated guidelines. Department recognized as research centers are Hindi, Drawing & Painting, English, Economics, Psychology & Political science. Research paper is published in referred journals regularly. Presently the college does not offer consultancy service. However, with signing of MoU between the Trust and Federation of Indian Micro and small & Medium Enterprises (FISME), the way is being paved for exposing and integrating the academia with external social and economic concerns and opportunities.

The physical infrastructure of the college is adequate: campus area exceeds 3 acres with covered area around 6000 sq.mtrs, there storied building with 69 rooms, equipped with department labs and space for extracurricular activities including large play ground and common facilities such as rest room, canteen, health center etc. Investment has been made in augmenting ICT infrastructure- computers and board band-internet and the library of the college which is fully computerized.

Thanks to its reputation on discipline and academic excellence, the college has been consistently am-acting around 50% of student from those

sections of society participation of Women from which in higher education in minuscule in western U.P.: SC/ST and OBC. To bridge the gap between curriculum and job market and to realize the mission 'education for employability' the college is providing counseling and organizing personality development and specialized programmes.

The mission of the college '*Education to equip our students for playing a meaningful role at home, workplace and in society with emphasis on their employability*' is in sync with the national priorities of women empowerment, sustainable social and economic development. To convert the mission into reality, students and teachers have identified two indispensable skill sets in becoming successful: communication skills especially English and computer literacy. College is running programmes to strengthen students in these areas. On the demand of the students, we have started certificate course of Tally and few other are in consideration. College is also working towards to improve the writing of the students in Hindi, to fulfill this special Hindi spelling classes are being conducted for the students.

College is fortunate to have visionary leadership. The Trust and the managing committee are composed of eminent personalities of the region which are resourceful, forward-looking and committed. The college is undergoing a paradigm shift, new initiatives that have been taken could be classified in three broad areas: (a) augmenting ICT infrastructure both for improving teaching-learning as well as for running specialized computer course (b) deepening the practical knowledge of subjects through an innovative discussions process 'new and views', lectures by external etc (c) bridging the gap of curriculum and market needs by in training on soft skills.

The point of departure is captured succinctly in the recent address of the president of the Trust which runs the college:

"What we mean by 'education for employability' is creating such a mechanism in our college that besides learning by curriculum, our students are able to acquire those abilities which are needed to find employment..... All of our students might not require employment immediately after completion of their education. Some might decide to be full time home -makers and some may decide to return to job market later in their life. Employability is the ability to get employment whenever a person so desires. This ability is particularly very important for girls in our society to lead a dignified and fulfilling life. To me in simple terms, employability is a statement of society that it values our abilities. We would have done our job if we could equip our students acquire this ability. This is what we aim for."

SWOC Analysis of the College

Strengths:

- Being a girl's college enables us to prepare the socially empowered women for the right development of the society in future.
- The geographical location of the college helps to provide education to large number of students of nearby urban and rural areas, who might

have been deprived of getting education if there would have been no college in the vicinity.

- Fully devoted and qualified Government as well as self-financed teaching and non-teaching staff is also our plus point who always strives for the improvement of the college.
- Forward looking and supportive management.
- Use of ICT in the campus is increasing day by day.
- **'Saarthak'** the annual educational event is making students more creative, confident group workers/leaders and providing them a counseling for higher education & career opportunities for a brighter future.

Weakness:

- Requirement of staff is more, government is not appointing the sanctioned/required Principal and teachers.
- There is vast difference between the salary of government and self-finance teachers, which results in unhealthy environment within the teachers in campus.
- Our students come from a background where their parents and they have lack of awareness about their professional future.
- Students come from rural and far of areas, they cannot extend their stay in college if required.

Opportunities:

- We may connect ourselves to the skill development program of government of India.

Challenges:

- Academic schedule of the affiliated university is not fixed. Admission procedure takes too much time which results in late starting of session and less time for classes.
- Examinations are not held in time.
- Result is not declared in time.
- All this leads to less number of teaching days, which adversely affects the quality of teaching and learning process.
- Lack of interest in the traditional courses like B.A and M.A.

**CRITERIA - WISE
ANALYTICAL REPORT**

Criterion - I
Curricular Aspects

1.1 Curriculum Planning and Implementation

1.1.1 The Mission and Vision

"Education to equip our students for playing a meaningful role at home, workplace and in society with emphasis on their employability".

Mission and vision are communicated to the students, teachers, staff and other stakeholders through the college prospectus, departmental display boards, girl's notice board, induction programmes and library displays.

1.1.2 The college is affiliated to C.C.S University and the curriculum is developed by the university. University issues the academic calendar in the beginning of the academic session. Taking the academic calendar of the university as a base, college develops its own academic calendar. College own academic calendar spells the college level plan of action. At the beginning of the academic session, HOD's of all the departments conduct meeting with their faculty members and develop the academic plan for the coming academic session. Each department makes their own time table for PG classes. Each faculty member is given subjects to teach according to their expertise. At the beginning of the academic session the whole syllabus is clearly distributed among the faculty members along with the number of classes they will take for the subject. If required teachers also take remedial or extra classes to complete the syllabus on the time.

1.1.3 The affiliated CCS University conducts the board of studies meeting for the update & revision of syllabus. Our college faculties, who are themember of the board of studies, give suggestions during the meeting. Our faculty members also attend the meetings organized by the university to update the knowledge about curriculum & new trends in teaching.

On the institution level, management support, in effective transmission of curriculum is in the form of providing resources. College provides well- stocked library, Internet facility and computers in all the departments. A well maintained computer lab is also there for teachers and students. Some of the classes are equipped with LCD-Projector, interne, speakers etc. A well equipped seminar hall is also there for guest lecture and other curricular and co-curricular activities. Special emphasis is given on ICT- enabled tools to improve the teaching learning practice in the college.

1.1.4 Initiatives taken by the college are:

- Time table is prepared in the beginning of the academic session & is communicated to the faculty members and students well in advance.
- All the departments prepare their own academic plan and teaching schedule for the session.
- Faculty members maintain subject file for their papers, which contains time table, syllabus, notes, teaching plans, question paper of internal/ external exam details of assignments etc.
- At the beginning of the session meeting is conducted with management, principal and faculty members to make the action plan for the coming

session.

- Students' orientation is conducted by each department at the beginning of the session to make the students aware about university, college, syllabus etc.
- Internal exams are conducted regularly.
- If required extra or remedial classes are also conducted.
- Students are provided latest books in the library.
- Modern teaching aids like LCD projector, internet are provided, the faculties are encouraged to use them in class room teachings.
- Students are provided free computer class.
- Educational tour is conducted for the students.
- Feedback is taken from the students regarding the curriculum.

1.1.5 Industries are represented by the management committee in the college. Faculty members are encouraged to undertake visits to industries.

1.1.6 Senior faculty members of the college who are the part of the board of studies are invited by the university in the board of studies meetings.

In these meetings faculty members give their suggestions, opinion on the basis of their own experience and feedback received from students and other faculty members. Teachers actively participate and contribute in the development of the curriculum.

1.1.7 The college does not offer any such course.

1.1.8 HODs on their department level sees to the effective delivery of the curriculum.

- Assignments, projects and weekly test are given to the students.
- College conducts two internal exams at P.G level as a part of evaluation. Quiz, seminars, debates, extempore are also conducted to make the syllabus interesting.
- Depending on the nature of the subjects educational tour is conducted for the students.
- Feedback given by the external examiners also plays an important role in improving the action plan.
- Formal/ informal feedback is taken from the various stake holders.

1.2 Academic Flexibility

1.2.1 College has offered certificate course in computer from the academic session 2015-16. Classes are likely to start in the beginning of 2016.

1.2.2 College does not offer dual degree program.

1.2.3 As college is the affiliated institution, it does not have the autonomy to introduce academic flexibly in the U.G and P.G. programmes offered by the college. But at P.G. level the college has the freedom to choose the optional courses, keeping in mind their scope for employability and further studies.

Range of Core & Elective subjects offered by the university and those opted by the college are given below:

1.2.5 No. college does not provide any such program.

1.2.6 Affiliated university does not provide for any such flexibility.

1.3 Curriculum Enrichment

1.3.1 The efforts made by the college, to integrate the institution's goals and university's curriculum are as follow:

- Academic calendar is made by the college in such a way that it supplements the syllabus with the goals of the college.
- Two day event "Saarthak" is conducted for making the teaching and learning process activity based and creative.

- NSS plays its role to inculcate social responsibility among the students.
- Educational tours are conducted for the students.
- Resume making workshop is organized for the students to teach them how to make a good resume.
- Students are given free computer classes so that they can use ICT in their learning process and update themselves with the current requirements.
- To improve the spellings and writing skills of students, special Hindi classes are organized for them.
- Some departments use plays, videos, lectures as a part of their teaching.
- Various cultural and academic competitions are conducted for the development of the students.
- Different activities like quiz, debates, seminars etc are conducted at department level to supplement the curriculum.

1.3.2 As being the affiliated college, college cannot modify or enrich the syllabus on its own. Its senior faculty members, who are members in the board of studies at the university, communicate their experiences and recommendations during the board of study meetings to modify, enrich or organize the curriculum.

To enhance the experience of the students and to cope with the needs of the dynamic employment market, college has made the following efforts:

- Institution is fully computerized at administrative and academic level.
- All the department have computers with internet facility.
- A fully equipped and well maintained computer lab is made available so that the students can learn computers and use it in their learning and employability.
- Personality development lectures and resume making workshop is organized for students.
- Students are encouraged to learn computers and keep themselves updated.
- Students are also encouraged to read newspapers and make extensive use of the library.

- 1.4.1 Senior faculty members who are the members of Board of Studies give their suggestions based on their experience and feedback from different stakeholders at the time of the meeting.

- 1.4.2 Yes, through senior faculty members in Board of Studies meeting.

- 1.4.3 We have introduced three certificate programs from academic session 2015-16, classes are likely to start from January 2016.

CRITERION II
TEACHING- LEARNING AND
EVALUATION

- 2.1.1 NA
Admission is done through university; college does not play any role in it.
- 2.1.2 NA
- 2.1.3 Admission is done by the university. After the registration is completed for the admission, university gives the merit list of the students to its affiliated colleges and admissions are done according to the merit. College does not play any role in it. The data of admission of other colleges is difficult to retrieve.
- 2.1.4 NA
- 2.1.5 NA
- 2.1.6 As admissions are done by university and students have to apply online at university website, it is not possible to know the number of students applied and students are admitted on the basis of the merit list send by the university, college's role is only limited to the giving admission to the student whose name is in the merit list.
- 2.2 Catering to student diversity:**
- 2.2.1 They are treated at par with all the other students. To facilitate the students canteen, administrative block, library, toilets are on the ground floor.
- 2.2.2 In the beginning of the academic session and commencement of classes orientation program is organized for the students at the department level. In this program HOD inform the students about curriculum, examination pattern, general guidelines/discipline of the college, library procedure, dress code, academic calendar etc. After the orientation faculties do one to one interaction with the students. This interaction helps the faculties to identify the need of the students. Accordingly appropriate action is taken at the department level for the students.
- 2.2.3 If required departments take introductory classes of the students, of particular subjects, to bridge the knowledge gap of the enrolled students. Our institution organizes two-day educational event, 'Sarbhak' annually. By participating in this event, students learn about their subjects through activities and games.
- 2.2.4 College sensitize its staff and students by taking following measures :
- Gender, environment women issues etc are part of the curriculum of the University, of subjects like Political Science, Sociology, Psychology and Environmental Studies.
 - National/International days like world environment day, Anti- Dowry day etc are celebrated to sensitize the staff and the students.
 - NSS unit of the college organizes different programmes like tree plantation, hygiene and cleanliness in college and surrounding areas of the college, spreading awareness to give vote, about pollution etc.
- 2.2.5 They are treated at par.
- 2.2.6 No such case has come into the light of the college or management.

2.3 Teaching-Learning Process

2.3.1 The session starts with the meeting of teachers with information of results:

- The academic calendar of the university is discussed and followed. The annual activities and functions are planned.
- The routine time table is allotted
- Evaluation includes weekly tests, practical, viva, oral tests, quiz, objective-type questions etc.

2.3.2 IQAC monitors the planning, implementation and continuous development of curricular, co-curricular and extracurricular activities of the college. It helps in the academic planning of the session . In the Ist IQAC meeting of the session academic planning of the whole session is presented and discussed. In the IInd and IIIrd IQAC meetings of the session the planning implemented is monitored and reviewed and necessary changes required are done in the planning for the remaining session. In the IVth IQAC meeting of the session overall working of the academic session is reviewed and planning of the next academic session is done. Necessary changes in the planning of the next academic session are made based on the feedback of the planning of the last academic session.

2.3.3 The overall environment of the college is student-centric. Learning is made student centric, when teachers adopt different strategies in their teaching to suit to the students of different learning abilities. College offers support to all its teachers to develop student centric learning.

- Teachers make their lecture enriched by use of audio-visual aids, presentations, video lectures, plays, lectures through video conferencing inter departmental lectures and educational tours.
- College has a well stocked library, in which there is latest collection of books, journals and magazines. It is efficiently used by the faculties to provide wholesome learning to the students.
- Every department has computer with internet connections, faculties take lot of help from the net and make efficient use of it in their teaching.
- Collaborative learning is encouraged by the faculties and student work collectively in 'Saarthak' and other activities like group discussion, presentation, debates, educational tour etc.
- Students are encouraged to use ICT in their learning. They are given assignments which they have to present through PPT's.
- Students are encouraged to make questions (MCQ) of their subjects and browse net for additional information.
- Students are also encouraged to go to library and inculcate reading habits in them.

2.3.4 College does different activities to nurture critical thinking and creativity among the students.

- Students are encouraged to participate in a two day educational event, 'Saarthak' which is held annually. In 'Saarthak' students present different topics of their syllabus through models, charts and games. This event

helps the students to understand the topic in depth by the method of 'learning by doing'.

- Students are also encouraged to participate in group discussion, debates organized in college and inter collegiate events.
- Scientific temper is nurtured by practicals which are the part of the curriculum in subjects like Psychology, Home Science and Drawing & Painting.
- Creativity is also nurtured by participating in different creative activities of college like, Notice board competition, cultural activities and creativity is also a part of curriculum of practical of Home Science and Drawing & Painting subjects.

2.3.5 Technologies & facilities used are as follows :

- ICT enabled classrooms.
- LCT Projectors and speakers.
- Internet access in all the departments and seminar hall.
- Video lectures.
- Lectures through video conferencing.

2.3.6 College encourages faculties and students for advance level of knowledge and skills:

- By providing Internet facilities in all departments and a well maintained computer lab for students.
- Students are given free computer lessons for learning computer.
- Faculties and students are encouraged for higher learning. To support them, fully equipped library and computer Lab is there. They can use it as and when required
- Academic project is compulsory for PG students, they are encouraged and guided by the faculties to carryout projects.
- If required lectures of experts are organized.

2.3.7 There is no formal mechanism for it. Students are guided & counseled by faculties at department level, as and when required.

2.3.8 An educational two day event "Saarthak" is held annually. In this event students present the topics of their syllabus through charts, models and games. This event helps to develop informal bond between the teachers and the students which later helps to have more effective classroom teaching. Students learn to work in a team, they gain confidence by presenting their topics and answering the queries of the visitors.

Different departments have incorporated different innovative processes in teaching and learning:

- A period has been incorporated in the time table, in which different departments conduct different educational activities such as quiz, debates, extempore, seminars etc.
- To encourage students to be computer literate computer classes are being conducted for them.
- Most of the teachers take lectures through PPT.
- Students are encouraged to search material online, some of the departments have asked their students to submit their assignments in the

form of PPTs and give presentations.

- Monthly test is conducted, this test helps the students to prepare their syllabus for their end term exam parallel with their classes. This preparation increases the confidence of the students and helps them to score good marks.
- English club is made for improving the conversation of the students.
- English department shows plays of Shakespeare, which are part of their syllabus to make the lecture more interesting for the students.

2.3.9 Institution has a well stocked, centralized library. It contains latest newspapers, magazines, books, journals and reference books and CDs. Library is open from 9:00 AM to 4:00 PM. Students are asked to visit library regularly and are encouraged to study there. Library also keeps questions papers of university exams of previous years, to help the students in preparation of the examinations. It has computer with internet and power back up facility. Departments also maintain their own departmental library which is used by the teachers and students.

2.3.10 No, institution does not face any challenge in completing the curriculum within the planned time frame.

2.3.11 Institution monitors and evaluate the quality of teaching learning through IQAC :

- Through IQAC institute evaluate the teaching strategies and make resources available for effective teaching and learning.
- Encourage faculty and students to increase use of ICT in their teaching.
- Computers with internet connection are available in every department and computer lab, so that students and teachers can learn online.
- Formal/informal feedback on teaching and faculties is taken from students. The response of the feedback serves as a base for future action.
- Last year's question papers are made available to students for better examination preparation.
- Quality of teaching and learning is also evaluated through 'Sarthalak' and result of the end term exams.
- All department keep soft and hard copy of internal and external exams and attendance.
- In some department faculties are made the co-ordinator of the classes and they act as a mentor for the students. They guide and help students in academic and co-curricular activities.
- Regular IQAC meetings acts as a quality circle for college, which helps in evaluating the performance of teaching and learning process.

2.4 Teacher Quality:

2.4.1 Number of Teachers, Qualification and Designation

Highest Qualification	Professor		Associate Professor		Assistant Professor		Total
	Male	Female	Male	Female	Male	Female	
Permanent Teachers							
D.Sc./D.Litt.	NA	NA	NA	Nil	NA	Nil	Nil
PhD	NA	NA	NA	6	NA	2	8

M Phil	NA	NA	NA	Nil	NA	Nil	Nil

PhD	NA	NA	NA	Nil	NA	3	3
M Phil	NA	NA	NA	Nil	NA	14	14
PG	NA	NA	NA	Nil	NA	21	21

- Permanent teachers are selected as per the guidelines of UGC through open advertisement of higher service education commission (HSEC).
- To fulfill the faculty requirements of various departments, college finds new teachers through reference from other teachers and through the advertisement of vacancy in the newspaper. Applications are invited online and short listed candidates are called for an interview.

The interview panel consists of the following members:

- The chairman of the managing committee.
- Members from the Kanohar Lal Trust.
- Principal of the college.
- The HOD of the concerned department.
- The panel selects the competent candidates according to the guidelines issued by the UGC.

2.4.2 No new program has been added in the college. However syllabus of some subjects have been revised and updated. Like paper of IT and Maths has been introduced in M.A (Home Science), (Economics) and M.Com, B.Com. To cope with these issues, institute hires the qualified candidates, who are competent to teach the new and updated syllabus.

2.4.3

a) Nomination to staff development programmes:

Academic Staff Development Programmes	Number of Faculty nominated
Refresher Courses	NIL
HRD Programmes	NIL
Orientation Programmes	01

b) Teaching learning methods/approaches: Induction of faculties is done before the starting of new classes. They are made aware about different aspects of teaching learning methods.

- Handling new curriculum: C.C.S University (affiliating university) revises the curriculum. Senior faculties who are member of board of studies are invited in the meetings held for revision of curriculum.
- Content/knowledge management: NIL.
- Selection, development and use of enrichment materials: NIL.
- Cross cutting issues: Awareness is done through discussions.

- Audio Visual Aids/multimedia: Faculties can use ICT aids provided in each department and computer lab.
 - OER's: NIL
 - Teaching learning material development, selection and use: The College provides audio-visual aids with internet connection. It encourages the use of them as per requirement for improving teaching-learning.
- c) Percentage of faculty
- Invited as resource persons in Workshops/Seminars/Conferences organized by external professional agencies : NIL
 - Participated in external Workshops/Seminars/Conferences recognized by national/international professional bodies : NIL
 - Presented papers in Workshops/Seminars/Conferences conducted or recognized by professional agencies : NIL

2.4.4 The college does not provide research grants from its own budget. Management encourages higher study like M.Phil/Ph.D among its faculty members.

2.4.5 None

2.4.6 Evaluation of teachers is done by the students. The result of the feedback is analyzed and required actions are taken to improve the quality of teaching and learning process.

2.5 Evaluation Process and Reforms:

2.5.1 Being an affiliated college of CCS university the evaluation norms made by the university are communicated to the college for the compliance. The college follows these norms for the evaluation. Students are made aware about the process of evaluation of external exams/internal exams/viva-voice, projects during their orientation program and class interaction. Faculties are notified about the changes in evaluation norms by the university through meetings and university website.

2.5.2 Being an affiliated college, it does not have the flexibility to introduce its own evaluation reforms. Reforms made by the university are followed:

- B.A (U.G) is an annual program. At UG level there is only end term exam held by the university at the end of the session. In IIIrd year of (UG) a viva-voice is held, which is taken by external examiner.
- PG (M.A., M.Com) is a semester based program. Viva-voice is held by the external examiner at the end of the II and IV semester. There are two internal exams during the semester. Marks of internal exam and viva are sent to university online.

2.5.3 Institutions ensure the effective implementation by taking following steps:

- On its own college does not have the too much scope in the evaluation reforms of external exams. College effectively implements the evaluation reforms of the university. Any changes made by the

university are promptly adopted and followed.

- As for internal exams, date sheet is communicated to students well in advance, exams are taken and evaluation is done as prescribed by the university.

2.5.4 Formative assessment:

It is done through assignments, projects, attendance, record, viva-voice, class test etc.

2.5.5 Summative assessment:

Final examination is conducted by the university.

2.5.5

- Weightage for behavioral aspects, communication skills etc are not mentioned in CCS University's guidelines for evaluation, hence college cannot use it as a parameter for assessment. However norms regarding the attendance and submission of assignments/projects are followed as per the university guidelines.
- To maintain the transparency the marks of internal assessment are sent online to the university and as all the students are well informed about the evaluation process, transparency is maintained.

2.5.6 Graduate attributes specified by the affiliating university are completion of the specified curriculum within the stipulated time and passing of the final exams. To complete the course on time, college sees to it that regular classes are held and if required extra classes are also organized. For good preparation of end term exam, students are told the exam pattern, previous years question paper and problems are discussed in the class.

2.5.7 Evaluation of internal exams is done at college level. Internal marks are confidential and university policy does not allow the college to disclose the marks to the students. Grievances regarding the external exams evaluation are addressed at university level. An application is forwarded by the college for the concerned student to the university.

2.6 Student Performance and learning outcome:

2.6.1 College does not have any clearly stated learning outcome. The mission & vision statement of the college reflects the view of the college towards learning.

Vision/mission are expressed through Saarthak, website, prospectus, principal's speech and other curricular activities of the college.

2.6.2 To monitor the performance and progress of students.

- Every department analyses the end term result of its students.
- Subject wise result are also analyzed and reviewed to update/change the teaching material and strategies.
- Result of internal exams are reviewed and analyzed at the department level.
- Informal class test, quiz are also conducted to monitor the performance of the students. For analysis of student (Refer enclosure 04)

2.6.3 The intended learning outcome is achieved by providing:

- Student centric environment.
- Timely completion of syllabus.
- Students evaluation through projects, class tests , assignments etc.
- Free computer classes for the students.
- Well stocked library.
- It required remedial classes are held for the students.
- Internet assessment of students.
- Overall evaluation of the result of the college.
- Through two day educational event 'Saarthak'.

2.6.4

- College's NSS unit is directly involved in social cause.
- Curricular activities like debates, seminar, quiz, extempore, co-curricular activities and cultural functions at the college and department level help to develop the confidence, personality and leadership qualities among the students.
- Personality development lectures and computer classes are arranged for the students.
- Students are made aware about the future prospects of their subjects for job or higher education.
- Entrepreneurship is taught as a paper in the departments of Home Science and Commerce.

2.6.5 College collects and analyzes data by:

- Informal discussion with students in classes.
- Overall analysis of the end term exams.
- Analysis of internal exams at department level.
- After the analysis weak areas and barriers are identified in learning and remedial actions are taken as per the requirement.

College has taken the following steps to overcome the barriers of learning:

- Emphasis on regularity of students in class and enforcing the attendance limit for students, prescribed by the unit the university.
- Remedial classes for students, if required.
- In some department question banks is provided to students. Providing last year question paper to students.
- Revision of the syllabus.
- Class test for periodic evaluation.
- Informal and surprise oral test of students.

2.6.6 Institute monitors the learning outcome through:

- Internal exams
- End term exam result
- Through two-day educational event 'Saarthak'.

2.6.7 Yes, college uses evaluation outcomes as an indicator for evaluating students performance. Result analysis and internal evaluation makes college aware about the weak areas and helps us to take remedial

actions.

- Few examples are: Conducting language classes.
- Free computer classes.
- Remedial classes.
- Appointment of competent faculties.
- As per the requirement and need pedagogies are proposed and increased.
- Use of ICT in teaching learning.
- Conduct of co-curricular activities like debates, quiz, seminar etc.

**Criterion III:

6.2.10 There has been no court case by or against the institution.

6.2.11 The student feedback is collected in the questionnaire format provided by NAAC. The information gathered is used to improve institutional performance.

6.3 Faculty empowerment Strategies:

6.3.1 Teaching Staff :

Faculty members are encouraged to attend skill development programs. They are motivated to pursue higher studies and update their knowledge. Faculty development program is also organized for them. They are encouraged to use ICT and all facilities to learn are provided by well stocked library and well maintained lab. Participation in educational event 'Saarthak' also helps in their professional development.

Non-teaching Staff :

Non-teaching staff is provided opportunity to learn computers.

6.3.2

- Before the beginning of new session, orientation program is conducted for faculties.
- FDP are organized to motivate them and help them to fulfill their responsibilities as a teacher in an efficient way.

- Faculties are given different responsibilities and they are member of different committee which helps them to develop leadership and administrative qualities in them.

6.3.3 Both formal and informal methods are used to evaluate the staff.

For self finance faculties :

- At the end of the session an appraisal form is filled by the faculty which is forwarded by the HOD with the remark to the principal.
- Feedback is taken from students by asking them informally and by filling up the questionnaire.

Permanent faculty :It is done according to the government policy.

6.3.4 Permanent Staff :Promotion and new grade pay are done as per the guidelines of the government.

Self-finance Staff : Formally appraisal form forwarded by the HOD is considered and informal information received through different stakeholders is also taken into consideration. Based on these information and feedback appropriate actions are taken.

6.3.5 Permanent staff avails the facilities provided by the government like casual leave, duty leave, medical leave, child care leave, earn leave and GPF. Self-finance staff gets casual leave once a month.

6.3.6 NA

6.4 Financial Management and Resource Mobilization

6.4.1 Financial resources are managed in efficient manner.

- Fully computerized accounting system.
- Financial accounts are audited annually.
- Income, expenditure, receipt, payment, balance sheet all accounts are maintained.
- Only authorized person can sanction the finances and operate the bank accounts.
- Accounts are checked by the secretary of the college.
- Stock registers are duly maintained.

6.4.3 Major source of funding is fees and additional charges from the students. UGC also provides grant for equipments. For income and expenditure statement (Refer to enclosure-08).

6.4.4 Institute has got additional funding from UGC to purchase equipments(Refer to enclosure-09)

6.5 Internal Quality Assurance System (IQAS)

6.5.1 Internal Quality Assurance Cell (IQAC)

(a) Yes, established in 21/02/2011

The main policy of IQAC is

- Increase use of ICT in teaching and learning.

- To develop student centric culture in college.
 - To develop and maintain quality in academic and administrative fields.
 - To maintain transparency in functioning of college.
 - To prepare AQAR for NAAC.
- (b) All of the decisions of IQAC have been approved as management is the part of IQAC. Almost all the decisions are implemented and those left, will be implemented soon.
- (c) Yes, they attend the IQAC meetings regularly and provided valuable suggestions for the overall functioning of IOAC.
- (d) The presence of members from different constituents of the college in IQAC like chairman, principal and faculties of different departments fulfills the purpose.
- 6.5.2 Yes, the institute has as integrated framework for Quality assurance. Quality is maintained through IQAC. IQAC meets regularly during the session. In these meeting academic and administrative issues are discussed and decisions are taken according to the Quality Parameters of the IQAC.
- 6.5.3 College does not provide any formal training to its staff.
- 6.5.4 There is no provision for academic audit by the university.
- 6.5.5 College aligns its internal quality assurance mechanism with the external agencies like NAAC, affiliated university, UGC and State government.
- 6.5.6 To continuously review the teaching learning process following step are taken:
- Preparation of academic calendar.
 - Preparation of subject files.
 - Division of syllabus according to number of teaching days.
 - Distribution of time-table to students as the time of admission.
 - Regular classes and emphasis on regularity of students.
 - Feedback from the students.
 - Regular review of library by the concerned subject teachers.
 - Students can bring problems directly to the HOD or Principal.
- 6.5.7 The college communicates its quality assurance policies mechanism and outcome:
- To Students through notice board, circulars website and orally by the HOD or concerned faculty.
 - Teaching/Non-teaching staff through notice, circulars, meeting with principal.
 - Parents, local people through 'Saarthak', college website and letter.

Criteria VII
Innovations and Best Practices

7.1 Environment Consciousnesses

7.1.1 Institute does not conduct Green Audit.

7.1.2 Energy conservation: Class rooms and offices are well ventilated with glass window to maximize the use of natural light. It also helps in conservation of electricity. Lights, fans and computers are switched off when not in use which helps in minimum utilization of electricity. Computers purchased are LCD monitors to reduce the usage of electricity and conserve electricity.

Use of renewable energy: NIL

Water harvesting: There is no water body in campus.

Check dam construction: There is no checking of dam construction.

Efforts for Carbon neutrality: Location of college is far from industrial area.

Plantation: There are number of trees in the college. Tree plantation in the campus is done regularly by NSS and by management.

Hazardous waste management: There is no hazardous waste in our college. Though dustbins are kept throughout the college for deposition of waste. Waste is regularly collected and disposed of manually.

7.2 Innovations

7.2.1 'Sankalp' and 'Samta' groups are made for the teaching and non-teaching staff respectively. It has helped in creating feeling of co-operation and togetherness among the staff.

7.3.1 Best Practices

The two best practices which have both added to the academic and personal development of the students are :

- Saarthak
- Making ICT Accessible To Most Of The Students

Best Practice-I

Title of the Practice

Saarthak

Goal

Saarthak, is an annual two day educational Exhibition organized once in session. "Education to equip our students for playing a meaningful role at home, workplace and in society with the emphasis on their employability", has been the mission of Kanohar Lal Trust Society and its institutions. This exhibition is an attempt to exhibit and further this cause by bringing all its stakeholders- students, teachers, parents, society, at one platform with the objective of:

- Taking education beyond the confines of academic curriculum, rote-learning and examination system to a platform where student's creativity and curiosity can be nurtured.

- Giving students an opportunity to question, explore and find answers to their queries, making education more interesting, career opportunities more clear and life more meaningful.
- Counseling students about ‘selection of subjects’ and ‘job/ higher education opportunities.’

The Context

Before Saarthak, the education system in the institution was good as in scheduled lectures, quizzes, debates etc. were organized for the students time to time, but it was not enough to enhance their knowledge and self confidence. And, one more thing that was lacking, student’s active participation in the organizing process of the activities. To ensure the involvement of the students and to help them learn through activities it was decided to have an educational event. After deciding on the event, the foremost question was what to do? And, how to involve more and more students in the practice?

We wanted to organize an event through which students can:

- Learn new and/or difficult topics in a simpler method
- Transform themselves in a more conversant, self-dependable & socially responsible individual
- Get an opportunity to explore the answers of their queries themselves
- Get the proper counseling related to subjects for higher education & career opportunities more clearly
- Form a teacher-student-parent bond for the overall development of the students through bringing all of them at one platform etc.
- To make the students aware about their subject & the real life use of their theoretical or practical subject.

The Practice

Saarthak is a unique event organized “to the students, for the students and by the students”.

It is driven by students of all the institutions under the Kanohar Lal trust society on the ground of KLP College. All the 11 departments along with Rangers and sports committee organize their stalls.

The whole process undergoes the following stages:

- Conceptualization of the themes
Students conceptualize and finalize the theme of the stall with mutual consent of their teachers and mentors, deciding on which paper/topic they will be going to present.
- Selection And Research of the topic
The students start searching the material thoroughly on the websites, books, newspapers, magazines. Each department organizes and represents their themes and topics at the stalls separately.

- **Mode of Presentation**
Every year departments choose different themes/topics/papers and decide a name for their stalls. They display their topics through attractive charts, posters, models, banners and PPT. To create more interest and improve knowledge with awareness among the visitors/students they plan various quizzes, games, puzzles and activities related to the themes/social & political events too.
- **Allotment of duties(At college & departmental level)**
Every year, department heads declare a teacher coordinator and a student co-coordinator for the event. These people are the responsible for the organization of the event. We try to engage as many students as we can as per their interest & aptitude for example-making posters/searching research material/organizing the event/propaganda and publicity/making ppt/public dealing or describing the charts on the stall/discipline/first aid etc.
- **Pre event Publicity And Invitation process for the event**
The pre event publicity of this event begins around 3-4 weeks before the event. All the departments display their publicity posters on the pre decided places in the college and departmental display boards. It covers the main themes of the stalls. The invitation process is also quite transparent. The college coordinator of the Saarthak prepares the invitation with a flyer (contains the brief description of the stalls & previous year glimpse) for the guests (Parent and/or other Guests) at three levels i.e. invitation by the college/trust to the eminent academicians/bureaucrats/formal principals/trustees/HODs/Media professional etc. All the departments also invite the eminent teachers/social workers and eminent alumni of the department who can be beneficial for the students. And any student (participating or not participating) can also invite their parent/guardian for the event.
- **Method of encouragement & Motivation**
To encourage the students for their active participation in the successful organization of the event KL trust society honour the students with the certificate duly signed by the institution head, Saarthak coordinator and the departmental coordinator.
- **Appraisal of Saarthak**
After Saarthak, a meeting is called by the principal/President of the trust for the appraisal (department wise positive and negative points with suggestions for next year) of the event.

Evidence of Success

It's been six year that we are organizing Saarthak & every year we are displaying new topics in each and every subject. We have got very positive feedback from our students like in an informal meeting with the students of almost all the department reported that participation in Saarthak has produced many changes in their lives, for example:

- Increased knowledge of practical & difficult subjects
- Helped in developing their communication skills
- Learnt various methods of presentation of a single topic & simplify it
- Increased the habit of working in teams and sharing knowledge
- Produced positive changes in behaviour (i.e. Leadership, discipline, overcoming hesitation, self confidence, multi tasking, group discussion, time management, teaching skills, patience etc.)

Problems Encountered and resources required

The whole process of this event called 'Saarthak' since last six years has been an inspiring and educative experience for all of us. There have been no major problems in organizing the event. However in the beginning it was little difficult to engage maximum students in the event. But we took it as a challenge and now are many students directly or indirectly participate in the event. As far as resources are concerned, it has never been a problem for any department; because they have been provided with the sufficient resources.

Other Notes (Optional)

In initial years we were quite doubtful in terms of its success and students participation in the event, because the whole process was depended on the mutual participation of faculties and students. But as the years passes faculties and students got to experience the positive changes in their personality & knowledge. And teachers and students are becoming clearer about what they want to display & how they will do it. So, on and on this practice has fulfilled its objective thoroughly by implementing changes in students and teachers knowledge as well and making the students equipped for playing a meaningful role at home, workplace and in society.

Best Practice-II

Title of the Practice

Making ICT Accessible To Most of the Students

Goal

Today with the ongoing development of the society, modes of education are also changing. With the emergence of computer and internet, mobile phones, e-newspapers etc. collecting information has become quite easier. To accomplish our mission of making our students able to play a meaningful role in every sphere of society, ICT (information communication technology) was considered as a very powerful medium. Thus, in last year's we have tried our best to provide our students a learning environment where they can learn at least the basics of ICT and use these modes in their academics and grow professionally.

The Context

In our institution most of the students belong to the rural background or

economically lower middle class. Most of the students do not have the proper or even basic knowledge of computer and/or internet. The syllabus of many subjects includes the computer and statistical calculations etc. It creates problems and students often feel inferior too. Thus, we decided to implement a plan of action for providing digital education to the students at departmental level, so that students can get the basic computer knowledge and use it in their assignments.

The Practice

We started using the ICT at the very beginning of the session. All the departments started using power point presentations in the college and subject induction programmes. Some departments started organizing special one/two or four week computer classes at the college computer lab, which aimed to teach basic knowledge of computer hardware and software with MS office and internet. All the assignment & seminars in the PG classes are conducted through OHP or PPT. Some departments have started sharing the important notices and study material with students online (through e-mail/Whatsapp etc.). Students go to computer lab and prepare their presentation, resume, applications and thus they become familiar to this new environment. The Tata sky facility is also provided at the seminar room, where students watch live debates, parliament sessions, talk shows and improve their general knowledge too. In the 2014-15 session, MA psychology students appeared in an online examination of developmental psychology and also attended video lectures too. These kinds of practices are quite beneficial for those students who do not have these facilities at their home. In the current session we have taken a step ahead by making our students digitally literate and organized two day workshop under the national digital literacy mission.

Evidence of Success

In initial stage students experienced many problems like matching the timing of the class with their time table and lack of practice at home. But slowly when one period was scheduled in their time table, it became easier. As the students started using various ICT modes regularly, their assignments have become more and more impressive, enlightening and full of latest information. It is also reflected in their academic performance.

Students now search their study material and prepare the presentations/quizzes etc. this practice is very useful in the even semesters (II & IV) and Graduation III year classes where the examination pattern is objective, they gather more information online rather than text books and prepare for examination.

Problems Encountered and Resources Required

Still lots of students do not approach the concerned teacher or cannot stay for a long time in the college or attend the class regularly or remains detriment. This programme is more beneficial for the PG students but graduation students are still away from reach because of its large number and limited seats in the lab. Sometimes students take it for

granted, which is also create problems.

Post Accreditation Initiatives

Kanohar Lal Postgraduate Girls College, Meerut has taken following post accreditation initiatives for the quality enhancement of education and infrastructure since last accreditation in 2010:

Initiatives taken for the for quality enhancement in Physical Infrastructure

- Computer with internet facility to all academic and administrative departments

35) SWOC analysis of the department and Future Plans

Strength

- Positive learning environment in department & classroom
- Well-equipped department & lab with basic & advanced facilities available for faculties & students both.
- Strong bonding between teachers and students
- Efficient performers both teachers & students
- Department library

Weakness

- Lack of permanent faculty.
- Lack of specialized courses.
- Lack of internship & short term courses.

Opportunities

- Overall personality development programme
- Educational tour
- Enrichment of lab
- Collaboration with other departments & institutions

Challenges

- Competition with other colleges
- Other colleges provide P.G. in Less fees

Future Plans of the department:

- To use advanced technologies in education by making students comfortable with the use of computer & internet.
- To prepare the students to present research papers in National/International seminars and conferences to enhance their research skills.
- To aware the society about the gender equality by our programme not only in our college but outside the college also.

35. SWOC analysis of the department and Future Plans

Strength

- Harmonious relationships between teachers and students.
- Sanskrit language is taught in a simple and easiest way.

Weakness

- Sanskrit as a language was not opted as a language to learn by students but considered as for granted. The zeal is not there to learn our ancient language.

Opportunities

- By opting Sanskrit the students can approach the areas for work in the future like in teaching, translator, PCS exam etc.

Challenges

- Channelizing the resources to create interest to learn Sanskrit language among students making them aware about the importance of ancient culture and literature via Sanskrit language.

Future Plans of the departments:

- To arrange a seminar.
- To increase participation in extra-curricular activities.
- To encourage for doing job.
- To arrange a workshop for students.

We have examined the Receipt & Payment Account of the following funds* of KANO HAR LAL POST GRADUATE GIRLS COLLEGE, SHARDA ROAD, MEERUT as at 31ST March 2012 which is in agreement with the books of accounts maintained by the said institution by the said institution. These financial statements are the responsibility of the management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the Auditing Standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit. In our opinion, proper books of accounts have been kept by the college so far it appears from our examination of the books.

In our opinion and to the best of our information and according to information given to us, the said accounts give a true & fair view.

AUDITORS' REPORT

We have examined the Receipt & Payment Account of the following funds* of **KANO HAR LAI POST GRADUATE GIRLS COLLEGE, SHARDA ROAD, MEERUT** as at 31st March 2013 which is in agreement with the books of accounts maintained by the said institution. These financial statements are the responsibility of the management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the Auditing Standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit. In our opinion, proper books of accounts have been kept by the college so far as it appears from our examination of the books.

In our opinion and to the best of our information and according to information given to us, the said accounts give a true & fair view :

- i) In the case of Receipt & Payment Account of the Receipts & Payments for the year ended on 31st March, 2013.

The prescribed particulars are annexed hereto.

AUDITORS' REPORT

We have examined the Receipt & Payment Account of the following Funds of KANO HARLAL POSTGRADUATE GIRLS COLLEGE, SHARDA ROAD, MEERUT as at 31st March 2014 which is in agreement with the books of accounts maintained by the said institution. These financial statements are the responsibility of the management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the Auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amount and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit. In our opinion, proper books of accounts have been kept by the college so far as it appears from our examination of the books.

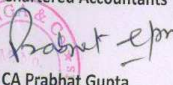

In our opinion and to the best of our information and according to information given to us, the said accounts give a true & fair view:

i) In the case of Receipt & Payment Account of the Receipts & Payments for the year ended on 31st March, 2014.
